

**G.F.S.-2000® Powder**

Phytonutrient-rich greens for daily wellness‡

**DESCRIPTION**

G.F.S.-2000® Powder provides a powerful phytonutrient green food supplement with a concentrated blend of premium grasses, algae, vegetable powders, plus botanical extracts for cellular and liver support. This all-in-one formula includes prebiotics and probiotics to support gastrointestinal and immune health.‡

**INDICATIONS**

- Plant-based phytonutrients and live probiotic cultures for daily wellness. ‡

**FUNCTIONS**

G.F.S.-2000 Capsules® provides a wide variety of nutrients, herbs, antioxidants, probiotics and other important phytonutrients. Young grasses and several varieties of microalgae supply chlorophyll, carotenes, B-vitamins and trace elements for cellular support. Cruciferous vegetables broccoli and cauliflower offer sulforophane compounds, along with milk thistle, to support phase 2 liver detoxifying enzymes. Probiotic cultures provide friendly bacteria for the gastrointestinal tract and are nourished by prebiotic fructooligosaccharides that selectively feed beneficial colonies of microflora. Flavonoid-rich plant extracts, lecithin and other nutrient-dense foods offer a variety of additional health benefits, plus antioxidant activity from beta-carotene and vitamin C.‡

**FORMULA (#55735P)**

**Two Scoops (4 tsp) contains:**

Vitamin A.....	3,900 mcg
(100% as natural Beta-Carotene)	
Vitamin C (from acerola fruit powder).....	102 mg
<b>Green Food Supplement</b> .....	19,000 mg

**Providing:**
